The Company shall therefore be required to deduct tax at source (TDS) at the time of making the payment of final dividend. In order to enable us to determine the appropriate TDS rate as applicable, members are requested to submit the following documents in accordance with the provisions of the IT Act. For resident shareholders, taxes shall be deducted at source under Section 194 of the IT Act as follows
 - Members having valid PAN- 10% or as notified by the Government of India
 - Members not having PAN / valid PAN- 20% or as notified by the Government of India
 - (a) However, no tax shall be deducted on the dividend payable to a resident individual if the total dividend to be received by them during Financial Year 2023-24 does not exceed Rs. 5,000 and also in cases where members provide Form 15G / Form 15H (applicable to individuals aged 60 years or more) subject to conditions specified in the IT Act. Resident shareholders may also submit any other document as prescribed under the IT Act to claim a lower / Nil withholding tax. Registered members may also submit any other document as prescribed under the IT Act to claim a lower / Nil withholding tax. PAN is mandatory for members providing Form 15G / 15H or any other document as mentioned above.

- b) For non-resident shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the IT Act, at the rates in force. The withholding tax shall be at the rate of 20% (plus applicable surcharge and cess) or as notified by the Government of India on the amount of dividend payable. However, as per Section 90 of the IT Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA) between India and the country of tax residence of the member, if they are more beneficial to them. For this purpose, i.e. to avail the benefits under the DTAA, non-resident shareholders will have to provide the following : Copy of the PAN card allotted by the Indian Income Tax authorities duly attested by the member Copy of Tax Residency Certificate (TRC) for the FY 2022-23 obtained from the revenue authorities of the country of tax residence, duly attested by member Self declaration in Form 10F Self-declaration by the shareholder of having no permanent establishment in India in accordance with the applicable tax treaty Self-declaration of beneficial ownership by the non-resident shareholder. Any other documents as prescribed under the IT Act for lower withholding of taxes if applicable, duly attested by member.

In case of Foreign Institutional Investors / Foreign Portfolio Investors, tax will be deducted under Section 196D of the IT Act @ 20% (plus applicable surcharge and cess). The aforementioned documents are required to be submitted at cs@fairchem.in by the shareholders on or before the record date i.e. July 31, 2023.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

OLEO CHEMICALS AND NUTRACEUTICALS:

The Industry Structure and Developments:

OLEO CHEMICALS:

Oleo Chemicals are preferred since they are produced from biological fats or oils i.e. natural sources. The demand for biodegradable chemicals is supporting oleo chemicals market. Fatty Acids, methyl esters and fatty alcohols are major oleo chemicals manufactured in India. The Company is mainly in the business of Fatty Acids which is one of the largest segments in Oleo Chemicals. Dimer Acid, Linoleic Acid / Soya Fatty Acid, other Distilled Fatty Acids are the main products of the Company in Oleo Chemical segment.

Dimer Acid: No organized data pertaining to demand / consumption of Dimer Acid in India is available. However, since the Company is in the business of this product now for nearly two decades, it is largely aware of the industrial users of the same. The Company also tracks the import data from China as Chinese suppliers are the main competitors for the Company. Based on Company's analysis, the Company continues to maintain its leadership position in Indian market by virtue of its pricing strategy, timely service, quick supply and fair terms of payment and quality product. Dimer Acid is a prime product of the Company which is made by processing blend of different raw materials. A couple of years back, the Company has internally developed a process which gives it optimum yield from processing of such blend. During the financial year under review, the Company was able to maintain its share in the domestic market of Dimer Acid and hopes to improve on the same in coming quarters.

Dimer Acid is used for making two kinds of polyamides i.e. Non-reactive and Reactive. Non-reactive polyamides are used by manufacturers of printing inks, adhesives, paper coatings, etc. Rising demand from industries such as printing inks, adhesives and paper coatings may drive global dimer acid market size for non-reactive polyamide resins. The demand for Reactive polyamide resins application will be driven by increasing surface coatings & adhesives demand in marine and construction.

Linoleic Acid / Soya Fatty Acid:

About 4 years back, the Company had worked on improvement in quality of this product and as a result was able to push the sales of said product. The end use of both - Linoleic Acid and Soya Fatty Acid - is same i.e. for making Alkyd Resins which in turn is used in making paints.

INTERMEDIATE NUTRACEUTICALS:

The word Nutraceutical is derived from two words viz. 'Nutrition' and 'Pharmaceutical'. When used in food, it provides health and nutrition benefits in addition to basic nutrition value present in food items. The consumers are now more health conscious and better informed about such nutritional products. The Company is in the business of (natural) Tocopherols and Sterols – intermediate nutraceuticals and they are exclusively exported. Tocopherols have anti-oxidant properties. Tocopherols, after they are further concentrated by customers, are then used in (a) Pet Food, (b) food as it prevents rancidity. Tocopherols when converted into Natural Vitamin E finds the application in Pharmaceutical, cosmetic etc.. Sterols after they are further concentrated, finds its use in making of Cortico Steroids and as food additive.

Due to unremunerative prices of the product exported by the Company, being intermediate in nature vis-à-vis price expectation of Indian suppliers of its specific raw material, the Company did limited business of this stream during the F.Y. 2022-23 also. The Company has decided to continue with this limited business so that in future when there is an opportunity to upgrade the streams of Tocopherols and Sterols, the same can be explored immediately.

Strengths, Opportunities and Threat:

The major strength in Oleo Chemical business is Company's ability to process by-products having no technical specifications and make higher grade fatty acids and intermediate nutraceuticals meeting stringent quality standards. In fatty acids, the Company enjoys leadership position in its area of business. Another advantage in favour of the Company is its strong customer and supplier relationship of more than 25 years.

Ideally, there is a place for one company in this business of Oleo Chemicals and Nutraceuticals in India due to limited availability of the main raw materials within India. The import of the said raw material with applicable basic import duty is not a very viable proposition at current prices of raw materials as well as prime finished product obtained therefrom.

HUMAN RESOURCE MANAGEMENT:

Out of all the resources, human capital is of immense importance which may decide overall growth of Oleo Chemicals business. Human capital has the inherent capacity of delivering more than 100 % unlike other resources. During the year, the industrial relations remain very cordial. As at March 31, 2023, the Company had 215 employees on the payroll of the Company.

OUTLOOK :

The outlook of Oleo Chemicals business appears to be promising. The Company is continuously working on process optimization and strives to explore the ways to beat the inflation and thereby maintain / reduce per unit processing cost. This is one area where the Company benefits without any corresponding loss to either its customer or supplier of raw material and so this benefit is permanent.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY :

There are adequate internal control systems for financial reporting. Internal audit has been done by a firm of Chartered Accountants. The Company is continuously exploring to strengthen its internal control either based on feedback of statutory / internal auditors or based on the need felt from day to day operations. With effect from December, 2018, entire finance dept. is shifted to the office at works and so now all the employees of the Company are at single location. This has its own advantages.

Computation of Ratio and significant changes therein				
No.	Ratios	F.Y. 2022-23	F.Y. 2021-22	Change (%)
1	Debtors Turnover Ratio	12.11	12.09	-
2	Inventory Turnover Ratio	7.11	8.69	-18%
3	Interest Coverage Ratio	10.36	14.31	-28%
4	Current Ratio	2.22	2.04	9%

7	Net Profit Margin (%)	6.72%	10.57%	-36%
8	Return on Net Worth (%)	17.92%	33.91%	-47%

Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios:

- The significant fall in Interest Coverage Ratio is due to fall of more than 35% in Profit before Tax.
- The significant fall in Debt Equity Ratio is due to prepayment of outstanding Term Loan during the year and higher equity base as at March 31, 2023 versus previous year.
- The significant fall of 32% in Operating Profit Margin is due to relatively higher raw material cost as a percentage to sales during the year versus previous year.
- The significant fall of 36% in Net Profit Margin is due to relatively higher raw material cost as a percentage to sales during the year versus previous year.
- The significant fall of 47% in Return of Net worth is due to fall in Net Profit Margin due to reasons explained in above para.

DIRECTORS' REPORT

To

The Members,

Your Directors are indeed pleased to present the Fourth Annual Report along with Audited financial statements of the Company for the financial year ended March 31, 2023. These financial statements have been prepared in accordance with Indian Accounting Standards (Ind-AS) as required under The Companies Act, 2013.

FINANCIAL RESULTS:

(Rupees in Lakhs, unless otherwise stated)

	For the year ended on 31-03-2023	For the year ended on 31-03-2022
(1) Total Income	64,871.66	64,354.60
(2) Profit before Interest, Depreciation and Tax	7,300.68	10,522.69
(3) Less : Interest	626.24	685.55
(4) Profit before Depreciation and Tax	6,674.44	9,837.14
(5) Less : Depreciation	815.19	713.10
(6) Profit before Tax for the year	5,859.25	9,124.04
(7) Less : Provision for Taxation		
(a) Current Tax	1,349.64	2,190.15
(b) Deferred tax	159.46	143.25
Sub-total	1,509.10	2,333.40
(8) Profit after Tax for the year	4,350.15	6,790.64
(9) Add : Other comprehensive income for the year / period, net of tax	53.62	6.60
(10) Total Comprehensive Income for the year / period	4,403.77	6,797.24
(11) Earnings per share (EPS) of Rs. 10/- each	Rs. 33.41	Rs. 52.15

OPERATIONS AND THE STATE OF COMPANY'S AFFAIRS:

During the year under review, the revenue from operations were Rs. 64,804.10 lakhs, which is nearly flat. The Profit before tax stood at Rs. 5,859.25 lakhs, which is sharply lower by about 35.78 %. This performance needs to be evaluated considering the relatively weaker second and third quarters. The silver lining in the annual performance is equally sharp revival during January – March, 2023 quarter over immediately preceding quarter.

CHANGE IN NATURE OF BUSINESS:

There is no change in the nature of business of the Company during the year.

DIVIDEND:

Your Directors are pleased to recommend a dividend of Rs. 7.50 (i.e. 75%) per equity share for the financial year ended March 31, 2023, subject to the approval of the shareholders at the ensuing Annual General Meeting of the Company. Dividend will be paid to those shareholders whose names appear in the Register of Members as on Book Closure / Record Date to be fixed by the Company.

The Company has formulated Dividend Distribution Policy in compliance with Regulation 43A of SEBI (LODR) Regulations, 2015. The Dividend Distribution policy is placed on the Website of the Company at <https://www.fairchem.in/investor-relations/Policies/Dividend-Distribution-Policy.pdf>

Pursuant to the Scheme of Arrangement and Amalgamation between FAIRCHEM SPECIALITY LIMITED (FSL) ('Demerged Company' / 'Transferee Company') (Now known as PRIVI SPECIALITY CHEMICALS LIMITED) AND FAIRCHEM ORGANICS LIMITED (FOL) 'Resulting Company') AND PRIVI ORGANICS INDIA LIMITED ('Transferor Company') AND their respective Shareholders, all the assets and liabilities of Demerged Undertaking of the Demerged Company were transferred to Resulting Company. Accordingly, along with 'all' the assets and liabilities, four banking accounts, being Unpaid Dividend accounts for the financial years 2015-16, 2016-17, 2017-18 and 2018-19 along with corresponding liability of Equity Dividend Payable for each of the years were also transferred from the books of erstwhile FSL to the books of FOL.

Pursuant to the provisions of The Companies Act, 2013 and / or Rules made thereunder, such unpaid dividend accounts need to be carried in the books for seven years. As the 'Company' FSL (whose name was subsequently changed to Privi Speciality Chemicals Limited – 'PSCL') is under the management of Privi group, the periodical compliance under all applicable laws including the Company Law in respect of the above accounts is to be done by the said PSCL. In view of this, after taking the consent of the Boards of both the companies, the above banking accounts, being the assets along with corresponding liabilities have been transferred from the books of FOL to the books of PSCL as at March 31, 2023. This transfer per se does not impact the net worth of any of the companies.

TRANSFER TO RESERVE:

Your Directors have decided not to transfer any amount to the Reserve for the year under review.

MATERIAL CHANGES AND COMMITMENTS:

There have been no material changes and commitments which have occurred between the end of the financial year to which the financial statements relate and the date of this Report, affecting the financial position of the company.

CAPITAL STRUCTURE:

The Company has only one class of Equity Shares having equal voting rights. The present issued, subscribed and paid up share capital of the Company is Rs. 13,02,09,020/- divided into 1,30,20,902 Equity Shares of Rs. 10/- each fully paid up. There is no change in the Capital structure of the Company during the year.

IMPACT OF COVID-19 PANDEMIC:

Health scares due to COVID-19 Pandemic had resulted in global economic disruption for an extended period of nearly 2 years over its various phases. However, due to robust vaccination programmes, particularly by countries with large population, the pandemic could be controlled to a substantial extent. The Company was not directly adversely impacted due to this pandemic during the year under review.

SIGNIFICANT EVENT DURING THE YEAR UNDER REVIEW:

II. Governance, Leadership and Oversight**7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure).**

Envisioning to be the leading renewable specialty chemical company, Fairchem Organics Limited is committed to demonstrate its highest level of service towards Environment, Social and Governance. Each operation in our plant which we undertake, we make sure and keep a track to act responsibly towards the environment and the society. Practicing the best in the domain of Specialty Oleo Chemical segment, we always standardize and strategize all our operations those are environment friendly.

Under the umbrella of ESG, we, Fairchem Organics Limited, have initiatives towards ensuring ethical practices for environment protection, reducing water and Air pollution. In addition to these, we always value safety and security of our stake holders who are vital for us in each step of business for creating and setting a new height in the specialty chemicals domain.

Being the sole / largest Indian manufacturer of Dimer acid and Linoleic acid, Fairchem Organics Limited has always a set of standard practices that it follows in its day to day operations, which make sure that we act responsibly when it comes to Environmental, Social and Governance (ESG). We use organic by-products having origin of agriculture, generated during refining process in vegetable oil refineries to make organic products used in printing ink, paint and soaps, epoxy hardener, etc. In addition to this, the solid waste generated by us is also sent to co-processing unit and then utilized by the cement units. Thus, we have created a cycle of reusing the waste materials to reduce waste generation aligning towards the principle of reuse, recycle and reduce. We use latest technologies to minimize waste and ensure safety and healthy practices. Our sound E-waste management policy also ensures the disposal of such waste in an environmentally friendly manner that will not have any adverse impact on environment. Adhering to best practices in environment, we have a buy back mechanism where we return back the E-Wastes and battery waste generated by us. Also, the solid waste generated in the plant is sent in a timely manner for appropriate treatment or disposal. We are very proud to state that Fairchem Organics Limited have zero plastic waste generation from the operations at the plant.

We have taken number of initiatives towards reducing greenhouse gas emission. We have started to use renewable energy in our operations, and we have also undertaken various energy conservation initiatives in our process plant.

We at Fairchem are committed to Zero liquid discharge by using High TDS RO and reusing the treated water within the plant. We treat the wastewater in the installed ETP and high TDS RO in the plant and utilize the same within the organization. Also, Manufacturing plant is paved to prevent under ground water contamination as we are committed to zero water discharge.

We always believe that our stake holders are the vital and crucial part in our business. So we always keep eye on the safety of our employees. Regular safety trainings are taking place in the plant premises to achieve the goal of zero incident. We have developed various policies to benefit employees and workers, which include employment rights, safety practices, suggestion scheme, canteen facilities, etc. We also conducted awareness training on human rights at workplace for all the employees & workers of our organization.

9. Details of performance & career development reviews of employees & workers:

Note: The performance review in the company is done in a different manner. The founder promoter and MD of the company is available in the factory/office around the year for full day (except when he is travelling). He is generally aware about job profile and actual work done by almost all the employees except the helpers. During annual review he is firstly informally assesses the work done by different departments. He then identifies the department (s) which have performed better than average and then identifies important persons who have contributed significantly to this below average performance. While all other employees are getting increments based on their respective management cadre, these identified employees are rewarded with higher increment. Over a period of time, we have realized that instead of individual review assessment which has its own advantages & disadvantages, this innovative method of review works better for the company.

Independent Limited Assurance Report to Fairchem Organics Limited on the Select non-financial disclosures in the Business Responsibility and Sustainability Report for the Financial Year 2022-23

To

The Management of Fairchem Organics Limited

253/P & 312, Village Chekhala, Sanand – Kadi Highway,
Taluka Sanand, Dist. Ahmedabad – 382 115, India

We ('KPMG Assurance and Consulting Services LLP', or 'KPMG' or 'the firm') have been engaged by **Fairchem Organics Limited** ('the Company') for the purpose of providing independent limited assurance on the select non-financial disclosures in its **Business Responsibility and Sustainability Report for FY 2022-23** ('the Report') as described in the 'scope, boundary, and limitations' below.

We were engaged by the management of Fairchem Organics Limited to report on its select non-financial disclosures with respect to employees and workers, training given to employees & workers, health and safety incidents, energy, water emissions, and waste (hazardous waste disposal) in its Business Responsibility and Sustainability Report 2022-23 in the form of an independent limited assurance conclusion that, based on our work performed and evidence obtained, nothing has come to the attention that causes us to believe that the select non-financial disclosures in the Report are not properly prepared, in all material respects, based on the Business Responsibility and Sustainability Reporting Framework (BRSR).

Company's Responsibilities

The management of the Company is responsible for preparing the **Business Responsibility and Sustainability Report 2022-23** that is free from any material misstatement in accordance with the reporting criteria of the **Business Responsibility and Sustainability Reporting Framework (BRSR)** and for the information contained therein. The management at the Company is also responsible for preparing the designed report accompanying this statement. The Company's responsibility includes designing, implementing, and maintaining internal controls relevant to the preparation and presentation of the select non-financial disclosures in the **Business Responsibility and Sustainability Report 2022-23** that are free from material misstatement, whether due to fraud or error. It also includes conducting the materiality assessment process mentioned in the **Business Responsibility and Sustainability Reporting Framework (BRSR)** to identify material topics relevant to the Company based on the responses of the internal and external stakeholders. The Company ensures that it complies with the **Business Responsibility and Sustainability Reporting Framework (BRSR)** and local regulations applicable to its activities. It designs, implements, and effectively operates controls to achieve the stated control objectives; selects and applies policies; makes judgments and estimates that are reasonable in the circumstances; and maintains adequate records in relation to the select non-financial disclosures in the **Business Responsibility and Sustainability Report 2022-23**.

The Company is also responsible for preventing and detecting fraud and for identifying and ensuring that it complies with laws and regulations applicable to its activities. The Company is responsible for ensuring that its staff involved with the preparation of the select non-financial disclosures in its **Business Responsibility and Sustainability Report 2022-23** are properly trained, systems are properly updated, and any changes in reporting encompass all significant operational sites.

Our Responsibilities

Our responsibility is to examine the select non-financial disclosures in the **Business Responsibility and Sustainability Report 2022-23** prepared by the Company and to report thereon in the form of an independent limited assurance conclusion based on the evidence obtained. We conducted our engagement in accordance with the International Standard on Assurance Engagements (ISAE) 3000 (Revised), Assurance Engagements Other Than Audits or Reviews of Historical Financial Information issued by the International Auditing and Assurance Standards Board. This standard requires that we plan and perform our procedures to obtain a meaningful level of assurance about whether the select non-financial quantitative disclosures in the Report comply with the **Business Responsibility and Sustainability Reporting Framework (BRSR)** in all material respects, as the basis for our limited assurance conclusion.

The firm applies International Standard on Quality Management, which requires the firm to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements. We have complied with the independence and other ethical requirements of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), which is founded on the fundamental principles of integrity, objectivity, professional competence, and due care, confidentiality, and professional behavior. The procedures selected depend on our understanding of the select non-financial disclosures in the **Business Responsibility and Sustainability Report 2022-23** and other engagement circumstances, and our consideration of areas where material misstatements are likely to arise.

In obtaining an understanding of the select non-financial disclosures in the **Business Responsibility and Sustainability Report 2022-23** and other engagement circumstances, we have considered the process used to prepare the select non-financial disclosures in the Report in order to design assurance procedures that are appropriate in the circumstances, but not for the purposes of expressing a conclusion as to the effectiveness of the Company's processes or internal controls over the preparation and presentation of the select non-financial disclosures in **Business Responsibility and Sustainability Report 2022-23**.

Our engagement also included: assessing the appropriateness of the select non-financial disclosures in the **Business Responsibility and Sustainability Report 2022-23** and the suitability of the criteria used by the Company in preparing the select non-financial disclosures in the Report in the circumstances of the engagement, evaluating the appropriateness of the methods, policies, and procedures, and models used in the preparation of the select non-financial disclosures in the Report and the reasonableness of estimates made by the Company.

The procedures performed in a limited assurance engagement vary in nature and timing and are less in extent than for, a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed. As part of this engagement, we have not performed any procedures by way of audit, review, or verification of the financial disclosures nor of the underlying records or other sources from which the financial statements and information were extracted.

Assurance Procedures

Our assurance process involves performing procedures to obtain evidence about the reliability of specified disclosures. The nature, timing, and extent of the procedures selected depend on our professional judgment, including the assessment of the risks of material misstatement of the select non-financial disclosures whether due to fraud or error. In making those risk assessments, we have considered internal controls relevant to the preparation of the Report to design assurance procedures that are appropriate in the circumstances.

We are required to plan and perform our work to address the areas where we have identified that a material misstatement of the select non-financial disclosure is likely to arise. The procedures we performed were based on our professional judgment. In carrying out our limited assurance engagement on the select non-financial disclosures, we:

- Evaluated the suitability in the circumstances of the Company's use of the reporting criteria, as the basis for preparing the select non-financial disclosures.
- Through inquiries, obtained an understanding of the Company's control environment, processes, and information systems relevant to the preparation of the select non-financial disclosures, but did not evaluate the design of particular control activities, obtain evidence about their implementation or test their operating effectiveness.
- Evaluated whether the Company's methods for developing estimates are appropriate and had been consistently applied, but our procedures did not include testing the data on which the estimates are based or separately developing our own estimates against which to evaluate the Company's estimates.
- Undertook site visits to the Company's manufacturing unit at Chekhala, Sanand- Kadi Highway, District Ahmedabad in India. We selected these sites based on the nature & size of the operations, the contribution of the site to the select non-financial disclosures, and the geographic location of the site.
- Tested, at each site visited, a limited number of items to or from supporting records, as appropriate.
- Performed analytical procedures by comparing the expected performance data of the select non-financial disclosures with the actual performance data and made inquiries of management to obtain explanations for any significant differences we identified.
- Considered the presentation and disclosure of the non-financial disclosures.
- Appropriate documentary evidence was obtained from the relevant authority at respective sites to support our conclusions on the information and data reviewed.

The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had we performed a reasonable assurance engagement.

Scope, Boundary, Characteristics, and Limitations

The scope of assurance covers the sustainability data related to the select non-financial disclosures based on the reference reporting criteria for the period starting from 1st April 2022 to 31st March 2023, as mentioned in the table below:

Reference Reporting Criteria – Business Responsibility and Sustainability Reporting Framework (BRSR)
Section A
Q. 18 a – Employees and workers (including differently abled)
Principle 3
E8 – Details of training given to employees & workers (health & safety, skill upgradation)
E11 - Safety-related incidents
Principle 6-
E1 - Total energy consumption (in Joules or multiples)
E3 - Water withdrawal by source (in kilolitres)
E5 - Details of air emissions (other than GHG emissions)
E6 - Details of greenhouse gas emissions (Scope 1 & Scope 2 emissions)
E8 - Details related to waste management (Hazardous waste disposal – ii, iii, iv, and v.)
L1 - Total electricity consumption (Renewable sources)

Limitations

The assurance scope excludes the following:

- Data related to the Company's financial performance and data disclosed under the Business Responsibility & Sustainability Report (BRSR) of the Company.
- Data and information outside the defined Reporting Period
- Data outside the operations mentioned in the Assurance Boundary above unless and otherwise specifically mentioned in this report.
- The Company's statements that describe the expression of opinion, claim, belief, aspiration, expectation, aim to future intention provided by the Company, and assertions related to Intellectual Property Rights and other competitive issues.
- Strategy and other related linkages expressed in the Report.
- Mapping of the Report with reporting frameworks other than those mentioned in reporting criteria above.
- Aspects of the Report other than those mentioned under the scope and boundary above.
- Review of legal compliances.

Our scope and associated responsibility exclude for the avoidance of doubt, any form of review of the commercial merits, technical feasibility, accuracy, or compliance with applicable legislation for the project, and accordingly we express no opinion thereon. We have also not verified any likelihood, timing, or effect of possible future-oriented information and commercial risks associated with the Report, nor comment upon the possibility of any financial projections being achieved. We have relied on the data furnished by the Company and have not independently verified the information or efficacy and reliability of the Company's information technology systems, technology tools/platforms or data management systems. **Fairchem Organics Limited** is responsible for making management decisions, including accepting responsibility for the results of our services.

Conclusion

Our conclusion has been formed on the basis of and is subject to, the matters outlined in this report. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion. Based on our limited review and procedures performed, nothing has come to our attention that causes us to believe that the select non-financial disclosures in the Company's **Business Responsibility and Sustainability Report 2022-23** are not properly prepared, in material aspects, based on the **Business Responsibility and Sustainability Reporting Framework (BRSR)**.

The select non-financial disclosures in **Business Responsibility and Sustainability Report** have been evaluated against the **Business Responsibility and Sustainability Reporting Framework (BRSR)**. These criteria have been developed only for ESG-related disclosures. As a result, the select non-financial disclosures in the Company's **Business Responsibility and Sustainability Report 2022-23** may not be suitable for another purpose.

Independence

The assurance was conducted by a multidisciplinary team including professionals with suitable skills and experience in auditing environmental, social, and economic information as per the requirements of ISAE 3000 (Revised). Our work was performed in compliance with the requirements of the IFAC Code of Ethics for Professional Accountants, which requires, among other requirements, that the members of the assurance team (practitioners) be independent of the assurance client, in relation to the scope of this assurance engagement, including not being involved in writing the Report. The Code also includes detailed requirements for practitioners regarding integrity, objectivity, professional competence, due care, confidentiality, and professional behavior. KPMG has systems and processes in place to monitor compliance with the Code and to prevent conflicts regarding independence. The firm applies ISQC-1, and the practitioner complies with the applicable independence and other ethical requirements of the IESBA code.

Restriction on the Use of Our Report

Our report should not be regarded as suitable to be used or relied on by any party wishing to acquire rights against us other than the Company for any purpose or in any context. Any party other than the Company who obtains access to our report or a copy thereof and chooses to rely on our report (or any part thereof) will do so at its own risk. We accept or assume no responsibility and deny any liability to any party other than the Company for our work, for this independent limited assurance report, or for the conclusions we have reached. Our report is released to the Company on the basis that it shall not be copied, referred to or disclosed, in whole (save for the Company's own internal purposes) or in part, without our prior written consent.

INDEPENDENT AUDITORS' REPORT

To the Members of Fairchem Organics Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Fairchem Organics Limited (the "Company") which comprise the balance sheet as at 31 March 2023, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue recognition

Revenue recognition -Timing of recognising revenue See note 1 (c) and 28 to the financial statements	
The key audit matter	How the matter was addressed in our audit
<p>Revenue from the sale of finished goods is recognized when control over finished goods is transferred to the customer. The Company has various customers with differing terms of trade which increases the risk of error in timing of revenue recognition. The actual point in time when revenue is recognized varies depending on the specific terms and conditions of the contracts with the customers.</p> <p>We have identified the risk of revenue being recognized in incorrect period as a key audit matter due to the financial significance arising from pressure to achieve performance targets and meeting external expectations.</p>	<p>In view of the significance of the matter we applied the following audit procedures, among others, in this area to obtain sufficient audit evidence:</p> <ul style="list-style-type: none"> - Assessing Company's revenue recognition accounting policies by comparing with applicable accounting standards and their consistent application to the significant sales contracts. - Testing the design, implementation and operating effectiveness of key internal controls over timing of recognition of revenue from sale of products. - Performing substantive testing of revenue recognized during the year by selecting samples, through statistical sampling, and verifying the underlying customer orders and proof of dispatch/delivery in accordance with the contractual terms agreed with the customers. - Performing substantive testing of revenue recognized near the year-end by verifying the customer orders and proof of dispatch/delivery to assess the appropriateness of timing of revenue recognition. - Circulating balance confirmation requests to customers selected through statistical sampling and examining reconciliations in case of differences.

Key audit matter	How our audit addressed the key audit matter
	<ul style="list-style-type: none"> - Assessing manual journals posted to revenue to identify unusual items. - Considering the adequacy of disclosures in the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A As required by Section 143(3) of the Act, we report that:
 - a We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e On the basis of the written representations received from the directors as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - f With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a The Company has disclosed the impact of pending litigations as at 31 March 2023 on its financial position in its financial statements - Refer Note 43 to the financial statements.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

Annexure A to the Independent Auditor's Report on the Financial Statements of Fairchem Organics Limited for the year ended 31 March 2023

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of 3 years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory, except goods-in-transit in case of purchases and sale of finished goods where risk and rewards has not been transferred has been physically verified by the management during the year. For goods-in-transit in case of purchases subsequent evidence of receipts has been linked with inventory records and for goods-in-transit in case of sales of finished goods, subsequent evidence of customer acknowledgement has been verified. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. The Company has provided loans to other parties during the year, in respect of which the requisite information is as below
- (a) Based on the audit procedures carried on by us and as per the information and explanations given to us the Company has provided loans is as below:

Particulars	Loans (Rs. in Lakhs)
Aggregate amount during the year	2.60
- Others (employees)	
Balance outstanding as at balance sheet date	1.36
- Others (employees)	

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, we are of the opinion that the the terms and conditions of the grant of loans provided during the year are, prima facie, not prejudicial to the interest of the company.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.
 - (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.
 - (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.
 - (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.
- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.
 - (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
 - (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.
 - (vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2023 for a period of more than six months from the date they became payable.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Annexure B to the Independent Auditor's Report on the financial statements of Fairchem Organics Limited for the year ended 31 March 2023

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Fairchem Organics Limited ("the Company") as of 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company;

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The Capital Reserve was created pursuant to a Composite Scheme of arrangement and amalgamation ('the Scheme') amongst Fairchem Speciality Limited (FSL) (Now known as Privi Speciality Chemicals Limited), Fairchem Organics Limited (FOL) and Privi Organics India Limited (POIL), two wholly owned subsidiaries of FSL and their respective shareholders for Demerger of FSL's undertaking carrying on speciality oleo chemicals and nutraceuticals business and vesting the same into FOL. The said scheme was sanctioned by National Company Law Tribunal on June 30, 2020.

Retained Earnings

The retained earnings reflect the profit of the company earned till date net of appropriations. The amount that can be distributed by the Company as dividends to its equity shareholders is determined based on the balance under this head, after considering the requirements of the Companies Act, 2013.

The accompanying notes are an integral part of the financial statements.

Notes to the financial statements for the year ended 31 March 2023

Background of the Company

Fairchem Organics Limited (the 'Company'), incorporated on March 27, 2019 under the provisions of the Companies Act, 2013 is a public limited company domiciled in India. Pursuant to the Scheme of arrangement, the Oleo Chemical and Neutraceutical business of erstwhile Fairchem Speciality Limited (now known as Privi Speciality Chemicals Limited) was demerged and vested into the Company. The Company is engaged in manufacturing of Speciality Oleo Chemicals since the year 1996. Up to August 12, 2020, the said business was run in the name of Fairchem Speciality Limited. Since August 13, 2020, the said manufacturing business is run in the current name of Fairchem Organics Limited. The manufacturing facility is set up at Village Chekhala, Ta. Sanand, Dist. Ahmedabad – 382 115, Gujarat, India. The equity shares of the Company are listed on National Stock Exchange and Bombay Stock Exchange in India.

1 Significant accounting policies

This note provides a list of the significant accounting policies adopted by the Company in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of preparation

i) Compliance with Ind AS

These financial statements comply, in all material aspects, with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

If the particular Ind AS is not in conformity with the applicable laws, the provisions of the said law shall prevail and financial statements shall be prepared in conformity with such laws. Consequently, the Company has applied this norm while preparing the financial statements.

ii) Historical cost convention

The Financial Statements have been prepared on a historical cost basis, except for the following:

- Defined benefit plans - plan assets measured at fair value.

iii) Current versus non-current classification

The company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is

- Expected to be realised or intended to be sold or consumed in normal operating cycle, or
- Held primarily for the purpose of trading, or
- Expected to be realised within twelve months after the reporting period, or

Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

- All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle, or
- It is held primarily for the purpose of trading, or
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period,
- All other liabilities are classified as non-current.

b) Foreign currency transactions and translations

i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

Notes to the financial statements for the year ended 31 March 2023

ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction. Foreign exchange gains and losses from settlement of these transactions and from translation of monetary assets and liabilities at the reporting date exchange rate are recognised in the Statement of Profit and Loss.

Other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income/expenses.

c) Revenue recognition

Sale of products

Revenue is recognised at the point in time when the performance obligation is satisfied and control of the goods is transferred to the customer upon dispatch or delivery, in accordance with the terms of customer contracts. Revenue is recognised at an amount that is expected to be received from customers that is net of trade discounts, rebates and goods and services tax (GST). The Company does not have any contracts where the transfer of the promised goods to customer and payment by the customer exceed one year. As a consequence, the Company does not adjust any of the transaction price for the time value of money.

A contract liability is the obligation to transfer goods to the customer for which the Company has received consideration from the customer. Contract liabilities are recognised as revenue when the Company performs under the contract.

Export benefit entitlements under Duty Drawback, and Remission of Duties and Taxes on Exported Products (RoDTEP) are recognised when the right to receive credit as per the terms of the scheme is established in respect of the exports and where there is no uncertainty regarding the ultimate collection of the relevant export proceeds.

d) Income tax

The income tax expense or credit for the period is the tax on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to taxable timing differences and to unused tax losses, if any.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in India. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on taxable timing difference arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax assets are recognised for all deductible taxable timing differences only if it is probable that future taxable amounts will be available to utilize those taxable timing differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset deferred tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income.

e) Leases

Company as a lessee:

From April 1, 2019, leases are recognised as a right-to-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non-lease components.

Assets and liabilities arising from a lease are initially measured at cost which includes present value of lease payments to be made over the tenure of lease, adjusted for any payments made on or before the commencement of lease and initial direct cost, if any. It is subsequently measured at cost less accumulated amortization, accumulated impairment losses, if

Notes to the financial statements for the year ended 31 March 2023

any and adjusted for any re-measurement of the lease liability.

The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs. Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

The lease payments are discounted using the lessee's incremental borrowing rate. Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right to use assets:

Right-to-use assets are measured at cost comprising the amount of the initial measurement of lease liability and lease payments made before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or sight on which it is located, less any lease incentives received.

Right-to-use assets are depreciated over the lease term on a straight-line basis. Right-to-use assets are measured at cost, less any accumulated amortisation and impairment losses, and adjusted for any re-measurement of lease liabilities.

f) Impairment of non-financial assets

Non-financial assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may exceed its recoverable amount. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). An impairment loss in respect of goodwill is not subsequently reversed. Other assets are reviewed for possible reversal of the impairment at the end of each reporting period. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of profit and loss, to the extent the amount was previously charged to the statement of profit and loss.

g) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

h) Trade receivables

Trade receivables are recognised initially at transaction price which is considered to be its fair value.

i) Inventories

Raw materials, packing material, stores and fuel, work in progress and finished goods are stated at the lower of cost and net realisable value. The cost of raw materials and consumables are valued based on weighted average cost method and cost of packing materials, stores and fuel are determined based on first-in, first-out (FIFO) method. The costs of raw materials, consumables, packing materials, stores and fuel comprises cost of purchase, and other costs incurred to bring the asset to its intended use. The cost of work in progress and finished goods comprises raw materials, direct labour and appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal capacity. Cost of inventories comprise the purchase price, import duties and other taxes, (other than those subsequently recovered by the Company from tax authorities) and transport, handling and other costs directly attributable to bringing the inventory to their existing location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Notes to the financial statements for the year ended 31 March 2023

j) Financial assets and liabilities

i) Financial assets

1. Classification

The Company classifies its financial assets in the following measurement categories:

- at fair value (either through other comprehensive income, or through profit or loss), and
- at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on whether the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable selection at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Company reclassifies debt investments when and only when its business model for managing those assets changes.

2. Initial Recognition and Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in statement of profit or loss.

3. Subsequent Measurement

Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the EIR method less impairment, if any. The amortisation of Interest income using EIR method and loss or gains arising from impairment, if any is recognised in the Statement of Profit and Loss.

Measured at fair value through other comprehensive income (FVOCI): Financial assets that are held within a business model whose objective is, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognised in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to "Profit or Loss" in the Statement of Profit and Loss.

Measured at fair value through profit or loss (FVTPL): A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income, if any, recognised as 'other income' in the Statement of Profit and Loss.

Equity instruments

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the company's right to receive payments is established.

Impairment losses (and reversal of impairment losses) on equity investments measured at Fair Value through Other Comprehensive Income (FVOCI) are not reported separately from other changes in fair value.

4. Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Notes to the financial statements for the year ended 31 March 2023

For trade receivables or other financial assets that result from transactions that are within the scope of Ind AS 115 only, the Company follows 'simplified approach' for recognition of impairment loss and always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109 i.e. expected credit loss allowance as computed based on provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The impairment loss is based on the ageing of the receivables that are due and allowance rates used in the provision matrix.

5. Derecognition

The Company derecognises a financial asset, when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain the control of the financial asset.

6. Income recognition

Interest income from debt instruments is recognised using the EIR method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

ii) Financial liabilities:

1. Initial Recognition and Measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at its fair value plus or minus, in the case of a financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the issue of the financial liability.

2. Subsequent Measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

3. Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

4. Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities to the extent it is expected to be paid within normal operating cycle of the business.

5. Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the statement of profit and loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalized as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Notes to the financial statements for the year ended 31 March 2023

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, transferred, cancelled or expired. The difference between the carrying amount of borrowings that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the statement of profit and loss as other income/expenses.

k) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

l) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any. The historical cost comprises of its purchase price, non-refundable taxes & levies, freight and any other direct cost of bringing the item to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from its use. Difference between the sales proceeds and the carrying amount of the asset is recognized in the statement of profit and loss.

When major items of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The cost of replacement of any property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefit associated with the item will flow to the Company and its cost can be measured reliably.

Capital work in progress are those which are not ready for intended use and are carried at cost less impairment loss, if any.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated on cost less their estimated residual value on a pro-rata basis over the estimated useful life using straight line method. Estimated useful life is either as per technical evaluation or as per useful life as mentioned in schedule II of Companies Act, 2013. Estimated useful life of the assets are as under:

<u>Assets class</u>	<u>Useful life in years</u>
Buildings	10 to 30
Plant and Equipment	10 to 25*
Electrical Installations	10
Office Equipments and Computers	3 to 5
Furniture and Fixtures	10
Air conditioner	5
Vehicles	8

*For these classes of assets (Other than Lab equipments), the useful life of assets is different than the prescribed life as per Part C of Schedule II of the Companies Act, 2013. The different useful life is based on internal technical evaluation by the Company and historical usage of assets.

Depreciation methods, residual value and useful lives are reviewed at each financial year end and adjusted if appropriate.

m) Intangible Assets and amortization

Intangible assets with finite useful life are stated at cost of acquisition, less accumulated amortisation and impairment loss, if any.

Notes to the financial statements for the year ended 31 March 2023

Cost includes purchase price, non-refundable taxes, duties and other incidental expenses related to acquisition. Amortisation is recognised in the statement of profit and loss on a straight-line basis over the estimated useful lives of respective intangible assets as stated below:

<u>Assets class</u>	<u>Useful life in years</u>
• Computer software	3

n) Borrowings costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Foreign exchange differences including exchange differences related to foreign currency borrowings to the extent they are regarded as an adjustment to interest costs to the extent not capitalized are presented in the statement of profit and loss, within finance costs.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

o) Provisions, contingent liabilities and contingent assets

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognised and are disclosed only when an inflow of economic benefits is probable.

p) Employee Benefits

i) Defined contribution plans

Contributions to post employment benefit plans in the form of provident fund, employee state insurance scheme and pension scheme as per regulations are charged as an expense on an accrual basis when employees have rendered the service. The Company has no further payment obligations once the contributions have been paid.

ii) Defined benefit plans

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees, which is funded. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined using the Projected Unit Credit method at the end of each year. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Gratuity Fund contributions are made to a trust administered by the Company which has further invested in Life Insurance Corporation. The contributions made to the trust are recognised as plan assets. The defined benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as reduced by the fair value of plan assets.

Notes to the financial statements for the year ended 31 March 2023

iii) Other employee benefits

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognised in the statement of profit and loss in the year in which they arise.

Termination Benefits: Termination benefits in the nature of voluntary retirement benefits are recognised in the Statement of Profit and Loss as and when incurred.

iv) Short term employee benefits

Short term benefits payable within twelve months after the end of the reporting period in which the employees have rendered service are expensed in the statement of profit and loss.

q) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chairman and Managing Director who is identified as the chief operating decision maker. The managing director assesses the financial performance and position of the company, and make strategic decisions.

r) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

s) Rounding off

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs, or decimal thereof as per the requirement of Schedule III, unless otherwise stated.

t) Critical estimates

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the company's accounting policies.

The areas involving critical estimates are:

- Estimation of defined benefit obligation – Note 27
- Contingent liabilities – Note 43
- Estimation of useful life of tangible and intangible assets – Note 4

Estimates are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the company.

Notes to the financial statements for the year ended 31 March 2023

u) Significant judgement

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes –

- Timing of recognition of revenue- Note 28

2. Recent pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1- Presentation of Financial Statements –This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after 1st April 2023.

Ind AS 8-Accounting Policies, Changes in Accounting Estimates and Errors –This amendment has introduced a definition of accounting estimates and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after 1st April 2023.

Ind AS 12 – Income Taxes-This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after 1st April 2023.

The Company is evaluating the impact of the amendments on the financial statement.

3. The financial statements for the year ended March 31, 2023 were approved for issue by the Board of Directors of the Company on May 30, 2023.

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

	As at March 31, 2023	As at March 31, 2022
Current leave obligations expected to be settled within the next 12 months	52.62	43.95

(c) Post employment obligations

Defined benefit plans

Gratuity

The company provides for gratuity for employees as per the Payment of Gratuity Act, 1972 and as per Company policy. The amount of gratuity payable on retirement/termination is the employee's last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan. The scheme is funded with Adi Finechem Limited Employees Group Gratuity Assurance Scheme which in-turn, has taken Group Gratuity Scheme of the Life Insurance Corporation of India (LIC of India) in the form of a qualifying insurance policy. The Company contributes to the insurance fund based on estimated liability received from LIC of India.

Defined contribution plans

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident Fund and ESI which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue.

The significant actuarial assumptions were as follows:

	As at March 31, 2023	As at March 31, 2022
Discount Rate	7.45%	7.15%
Salary growth Rate	10% for F.Y. 2023-24; 8% thereafter	12% for F.Y. 2022-23; 10% thereafter
Withdrawal Rate	2% at all ages	2% at all ages

NOTES TO THE FINANCIAL STATEMENTS

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

	Change in assumptions		Impact on defined benefit obligation			
			Increase in assumptions		Decrease in assumptions	
	As at March 31, 2023	As at March 31, 2022	As at March 31, 2023	As at March 31, 2022	As at March 31, 2023	As at March 31, 2022
Discount Rate	0.50%	0.50%	405.32	403.57	447.18	450.77
Salary growth Rate	0.50%	0.50%	447.89	449.93	404.49	404.09
Withdrawal Rate	10.00%	10.00%	425.33	424.33	425.54	427.83

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Risk exposure:

- i Investment Risk: For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.
- ii Liquidity Risk: Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the company, there can be strain on the cash flows.
- iii Market Risk: Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.
- iv Legislative Risk: Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

Defined benefit liability and employer contributions

Expected contributions to post-employment benefit plans for the year ending March 31, 2023 are INR 37.23 lakhs (March 31, 2022: INR 54.94 lakhs).

NOTES TO THE FINANCIAL STATEMENTS

Fair value hierarchy

All financial instruments have been measured at amortised cost. For all financial instruments referred above which have been measured at amortised cost, their carrying values are reasonable approximations of their fair values. The fair value of financial instruments as referred to in note above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). All financial instruments referred above have been classified as Level 3.

The categories used are as follows :

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. Considering that all significant inputs required to fair value such instruments are observable, these are included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation technique used to determine fair value

The fair value of the financial instruments is determined using discounted cash flow analysis.

Valuation processes

The finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the Chief Financial Officer (CFO).

Fair value of financial assets/liabilities measured at amortised cost

The carrying amounts of trade receivables, cash and cash equivalents, other bank balances, investments, margin money deposits, loans to employees, security deposits, trade payables, capital creditors, interest accrued but not due on borrowings, unclaimed dividends, employee benefit payable and other deposits are considered to be as their fair values, because their carrying amount are reasonable approximation of their fair values.

The fair values of borrowings have been calculated based on cash flows discounted using a current lending rate. They are classified as level 3 in the hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

For Level 3 financial instruments, the fair value has been based on present values and the discount rates used, are adjusted for counterparty or own risk.

40 Financial risk management

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Company's management has overall responsibility for the establishment and oversight of the Company's risk management framework. The key risks and mitigating actions are also placed before the Board of directors of the Company. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and to control and monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Risk Management framework of the Company is supported by the Finance team and experts of respective business divisions that provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The activities are designed to:

- protect the Company's financial results and position from financial risks

NOTES TO THE FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

- maintain market risks within acceptable parameters, while optimising returns; and
- protect the Company's financial investments, while maximising returns.

The Treasury department provides funding and foreign exchange management services for the Company's operations. In addition to guidelines and exposure limits, a system of authorities and extensive independent reporting covers all major areas of treasury's activity.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

(A) Management of Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations.

Cash and cash equivalents & bank balances

The Company is also exposed to credit risk on cash and cash equivalents and bank balances other than cash and cash equivalents. These balances (other than cash on hand) are with high credit rating banks which are governed by Reserve Bank of India. The company believes its credit risk in such bank balances is immaterial.

Security deposits and other receivables

With respect to other financial assets namely security and other deposits and other receivables, the maximum exposure to credit risk is the carrying amount of these classes of financial assets presented in the balance sheet.

Trade receivables

The Company measures the expected credit loss of trade receivables from customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends which is very negligible.

	Carrying amount	
	As at March 31, 2023	As at March 31, 2022
Neither past due nor impaired	5,439.35	5,735.47
Past due 0-90 days	818.32	486.32
Past due 90-180 days	0.10	0.05
Past due 180-270 days	0.08	-
Past due 270-360 days	0.02	0.27
More than 360 days	42.04	42.05

(B) Management of Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

The Company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions. Material and sustained shortfall in cash flow could undermine the company's credit rating and impair investor confidence.

The company maintained a cautious funding strategy, with a positive cash generation from operating activities throughout the year ended March 31, 2023 and March 31, 2022.

(C) Management of Market Risk

Market risk comprises of foreign currency risk and interest rate risk. Foreign currency risk arises from transactions that are undertaken in a currency other than the functional currency of the company. Further, the financial performance and financial position of the company is exposed to foreign currency risk that arises on outstanding receivable and payable balances at a reporting year end date. Interest rate risk arises from variable rate borrowings that expose the company's financial performance, financial position and cash flows to the movement in market rates of interest.

NOTES TO THE FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

Foreign currency risk

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD. The Company imports capital goods and raw materials and exports finished goods. The company also pays interest, legal and professional fees and travelling and conveyance in foreign currency.

Foreign currency exposure

Exposure to foreign currency liabilities	0.53	3.93

Sensitivity - Foreign Currency

The sensitivity of profit or loss to changes in the exchange rates is as follows:

	Impact on profit before tax	
	For the year ended March 31, 2023	For the year ended March 31, 2022
USD Sensitivity		
INR/USD increase by 5%*	37.74	(5.31)
INR/USD decrease by 5%*	(37.74)	5.31

* Holding all other variables constant

Interest rate risk

The Company is mainly exposed to interest rate risk due to its floating interest rate borrowings. The interest rate risk arises due to uncertainties about the future market interest rate of these borrowings. The Company mitigates the interest rate risk for borrowing in functional currency, which is linked with MCLR, by negotiating and fixing the rate at the time of renewal of bank facility which remains effective for one year from the date of renewal. In case of borrowing in foreign currency, which is linked with USD SOFR rate, the company mitigates the risk by fixing the margin at the time of renewal of bank facility which remains effective for one year from the date of renewal.

The Company has various non current and current borrowings whose facilities are on a variable interest rate basis. Refer below table for interest rate exposure.

Interest Rate Exposure

The exposure of Company's borrowings to interest rate changes at the end of the reporting period are as follows:

	As at March 31, 2023	As at March 31, 2022
Variable Rate Borrowings	5,016.76	6,203.02

NOTES TO THE FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

Sensitivity - Interest Rate

The sensitivity of profit or loss to higher/(lower) interest expense from borrowings as a result of change in borrowing rates is as follows:

	Impact on profit before tax	
	For the year ended March 31, 2023	For the year ended March 31, 2022
Interest Rates - increase by 0.5%*	(1.14)	(1.50)
Interest Rates - decrease by 0.5%*	1.14	1.50

* Holding all other variables constant

41. Capital management

(a) Risk management

The Company considers the following components of its Balance Sheet as managed capital:

Total equity as shown in the balance sheet includes share capital, capital reserve, retained earnings.

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to its shareholders. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. The Company considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, reduce capital or issue new shares.

Consistent with others in the industry, the company monitors capital on the basis of the following gearing ratios:

Net debts (Total borrowings net of cash and cash equivalents)

divided by

Total 'equity' (as shown in the Balance Sheet)

The gearing ratios were as follows:

	As at March 31, 2023	As at March 31, 2022
Net Debts	5,015.98	6,202.19
Total Equity	25,926.01	23,214.96
Net Debt to Equity Ratio	0.19	0.27

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The management monitors the return on capital as well as the level of dividends to shareholders. The Company's goal is to continue to be able to provide return to shareholders by continuing to distribute dividends in future periods. Refer the below note for the final dividend declared and paid.
